

ANKIT KUMAR

Student

About Me

Motivated and creative Computer Science student pursuing B.Tech in Artificial Intelligence and Machine Learning (2025–2029) from Rungta University.
Passionate about AI, programming, and developing practical tech-based solutions.
A quick learner with strong problem-solving and teamwork skills.

Skills:

Graphic Designer (BEACION)
Programming (Python, C, C++)
Web Development (HTML, CSS, JS)
Machine Learning Fundamentals
Data Structures & Algorithms

Education:

Bachelor of Technology (CSE – AI & ML)
Rungta University 2025 – 2029
Class 12th (CBSE) 2025
Class 10th (CBSE) 2023

Language:

Python

C

java

94%

86%

84%

Projects

Bus Ticket Booking System

Developed a program that automates the process of bus ticket reservations using logical algorithms and structured design (python).

Rock Paper Scissors Game

Created an interactive game using Python, applying conditional statements and random functions to simulate real-time gameplay.

Achievements

Winner – Techphilia 7.0 (2023)
Amity University's District -level tech event.
Recognized for innovation and creative problem-solving.
